

SHARATH REDDY

Data Analyst | SQL | Python | Tableau | Power BI | Machine Learning | BigQuery
Phone: +91 7671033020 | Email: sgruduru226@gmail.com | GitHub: github.com/sharath-reddy

SUMMARY

Aspiring Data Analyst with hands-on experience building end-to-end analytics solutions using Python, SQL, Tableau, Power BI, Machine Learning, BigQuery, and Excel. Strong foundation in data cleaning, exploratory analysis, forecasting, customer segmentation, KPI reporting, dashboard development, and translating raw business data into actionable insights for decision-making.

TECHNICAL SKILLS

Analytics: SQL, Python, Excel, Exploratory Data Analysis (EDA), Statistical Analysis, KPI Reporting, Data Cleaning, Business Intelligence

Visualization: Tableau, Power BI, Dashboard Design, Data Storytelling, Executive Reporting

Machine Learning: Scikit-Learn, Prophet, Forecasting, Customer Segmentation, NLP, Sentiment Analysis, Predictive Modeling

Tools & Platforms: BigQuery, SQLite, Git, GitHub, Jupyter Notebook, Google Cloud, Oracle Cloud Infrastructure

PROJECT EXPERIENCE

SaaS Customer Churn Analytics | [GitHub Project](#)

- Built an end-to-end B2B SaaS churn intelligence platform analyzing **22,082 customer-month records** across **3,000 companies** from Jan 2024 to Jun 2025 using Python, Pandas, NumPy, BigQuery, SQL, XGBoost, Scikit-learn, and Power BI.
- Developed churn risk scoring, Low/Medium/High/Critical risk bands, month-over-month risk migration analysis, retention priority scoring, Customer 360 risk profiles, and customer success action queues.
- Trained an **XGBoost churn prediction model** achieving **65.27% accuracy**, **58.98% recall**, and **66.88% ROC-AUC**; analyzed churn rates including **11.98% overall churn** and **21.32% Critical Risk churn**.
- Built a Power BI executive dashboard tracking Current MRR, MRR at Risk, Worsened MRR, Worsened Accounts, Retention Queue MRR, P1 Accounts, Risk Score, and Customer Health KPIs.

E-Commerce Demand Forecasting & Inventory Optimization | [GitHub Project](#)

- Built an end-to-end forecasting and inventory optimization platform using Python, SQLite, Prophet, and Tableau to analyze 3 years of retail transactions across 120 products.
- Engineered weekly demand forecasting, Safety Stock, Reorder Point, Lead-Time Demand, Inventory Risk Classification, and replenishment recommendation logic for inventory planning.
- Delivered an executive Tableau dashboard tracking Revenue, Profit, Forecast Demand, Inventory Health, Products at Risk, Product Performance, and Reorder Action KPIs.

E-Commerce Customer Segmentation Engine | [GitHub Project](#)

- Developed a modular customer analytics engine using Python, Scikit-Learn, TextBlob, NLP, and Tableau to convert transaction and review data into business-ready insights.
- Applied clustering, sentiment analysis, and RFM-style feature engineering to identify high-value customers, purchasing behavior patterns, and revenue opportunities.
- Created interactive Tableau dashboards and documented reusable workflows for customer retention analysis, segment profiling, sentiment trends, and KPI monitoring.

PROFESSIONAL EXPERIENCE

Software Development Intern | CODTECH IT SOLUTIONS PRIVATE LIMITED | May 2026 - Jun 2026 | Hyderabad, India

- Assisted in software development, debugging, testing, and implementation activities while applying programming and analytical problem-solving skills in a professional team environment.
- Collaborated with team members to improve solution quality, documentation, and delivery reliability through structured development workflows.

EDUCATION

B.Tech - Computer Science and Engineering, Sri Venkateswara College of Engineering and Technology, Chittoor | 2023 - Present | GPA: 7.5/10

Intermediate - MPC, Sri Chaitanya College of Education | 2021 - 2023 | 94%

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional | OCI 2025 Certified AI Foundations Associate
- Oracle Fusion AI Agent Studio Certified Foundations Associate - Rel 1 | Build a Data Warehouse with BigQuery Skill Badge
- Derive Insights from BigQuery Data Skill Badge | Data Analytics Essentials | Getting Started with Artificial Intelligence
